THEME CATALOGUE

In this catalogue, tickets within each price band are sorted firstly into company (i.e., pre-grouping and pre-nationalisation), then British Railways regional order (i.e., Northern, Eastern, London Midland, Scottish, Southern and Western regions).

ORDERING GUIDELINES

Tickets from this catalogue will be processed on a '**First Come, First Served**' automated basis. To give you the best chance of securing the tickets you want, use the online facility (using your email address and password), which many of you are now familiar with. Once an order has been submitted online, the system will inform you which tickets are available instantly. You can submit further orders from the same catalogue, which gives you the flexibility of ordering second choice tickets. Orders will be processed within three working days. Payment processes can be via: PayPal; Credit/Debit Cards (WorldPay Pay by Link); bank transfer or cheque.
We will continue to process orders received via email/telephone/post as soon as possible.

All tickets offered in this catalogue are in at least "very good" condition unless otherwise stated in the legend (see below).

LEGEND **A:** indicates ticket is unissued and has originated from an Audit Office
C: indicates ticket is creased **F:** indicates ticket is faded
G: indicates ticket is grubby or soiled **M:** indicates ticket has been mounted

Although in grubby condition an earlier a GWR type 1 has just arrived from **BARMOUTH** which helps to clarify what happened here in the early days of issuing as the earliest one we hold is a type 2. This one is cream card, with black text and the name is in large red text. This is a Down office issue verified by (D). The serial is 1126 and is S.00, this could well have been the first issue here, whenever that was, perhaps just before the Great War. A choice issue to have, probably rescued from the ground, it is not creased but has been mounted and no sign of dating. We could be reminded that there was a 'U' issue (Northbound as well), I feel that the separate 'D' & 'U' issues, finished quite early. Barmouth was only really busy during the summer holidays, I suspect, the same being true today. Once the pull-bar finished, AA's were introduced and two are held, the first being a no diamond BTC 2d, serial 4326 and the other a red diamond BTC 2d, serial 9926, I get the impression that not many were issued and for some reason no later issues are held, if of course there were any later issues, either a BTC 3d or a BRB 3d (Western or London Midland)?

We now move onto **BARGOED,** for which 5 B.R. issues are held, curiously we hold no GWR issues, (although we have seen a GWR type 3) which are around in abundance as our earliest B.R. issue is S.14 a B.R. titled issue with BTC conditions, dated 15-09-1955, serial 4164. Next is a BTC 2d issue, dated 06-06-1960, serial 1721. Another BTC 2d follows with a slightly different typeface, dated 06-10-1961 with a serial 2840. A final BTC 2d with a completely different type face follows, undated and with a serial of 3160. A final issue is a BTC 3d, dated 03-05-1963 with a serial of 0181. Wonder if there was a BRB 3d?, perhaps not as I cannot recall seeing any and this is the sort of issue that one would remember. Will be looking out for those elusive earlier series.

A final one is a Midland Railway style souvenir from **ASHTON UNDER HILL,** undated, serial 0063.
