GENERAL CATALOGUE

In this catalogue, tickets within each price band are sorted firstly into company (i.e., pre-grouping and pre-nationalisation), then British Railways regional order (i.e., Northern, Eastern, London Midland, Scottish, Southern and Western regions).

ORDERING GUIDELINES

Tickets from this catalogue will be processed on a '**First Come, First Served**' automated basis. To give you the best chance of securing the tickets you want, use the online facility (using your email address and password), which many of you are now familiar with. Once an order has been submitted online, the system will inform you which tickets are available instantly. You can submit further orders from the same catalogue, which gives you the flexibility of ordering second choice tickets. Orders will be processed within three working days. Payment processes can be via: PayPal; Credit/Debit Cards (WorldPay Pay by Link); bank transfer or cheque.
We will continue to process orders received via email/telephone/post as soon as possible.

All tickets offered in this catalogue are in at least "very good" condition unless otherwise stated in the legend (see below).

LEGEND **A:** indicates ticket is unissued and has originated from an Audit Office
C: indicates ticket is creased **F:** indicates ticket is faded
G: indicates ticket is grubby or soiled **M:** indicates ticket has been mounted

We continue with the **ASHTON-UNDER HILL** issue, off white card with black text and blank back. It is undated and has has a serial of 0063. 'Gordon Blears' a well known collector, is in manuscript on the back. This station between Ashchurch and Evesham closed in 1963. This souvenir issue had something to do with the late Roy Burrows who lived nearby, perhaps even in the station itself. The issue is not common and would not have been given out willy-nilly, only to invited guests on certain occasions, hence its relative scarcity.
Moving onto **PINHOE** now, a reopened station just east of Exeter and somewhat infamous as trains are often held here travelling east due to the commencement of the single track section to Honiton. The first issue held is a B.R. (S) 1d, serial 0067 and dated 24-08-1957. This station was one of the group that was supplied with platform tickets in the early 1950's, as per Southern Region policy at that time. Now a BTC 2d (S) with a serial of 0143 and dated 11-03-1962, followed by another BTC 2d with a different typeface, serial 0177 and dated 06-03-1963. This indicates that these two issues only had a print run of 50, I think that 50 was the minimum print run, although I was told once it was 25, clarification would be welcome. A final issue?, unless there was a BRB 3d issue, is a BTC 3d (W) (note the regional change) serial 0009 and dated 11-09-1964.
While we are in this area there was a souvenir issue from **CRANBROOK** issued on its opening day, as I well remember seeing it on the daily news page of the Cornwall Railway Society, but did not chase it up at the time, needless to say no other examples have surfaced to date. **DIGBY & SOWTON** was another example of a souvenir issue appearing on its opening day (Exmouth line) but a few of these have surfaced, printed by Michael Farr. A final issue to cover in the area, is close to Cranbrook and was **BROAD CLYST** which was supplied quite close to closure in 1966, I once heard that this issue could be obtained from a member of staff from his car, rather than the normal ticket office, it appeared just before closure and is a completely normal issue.
