THEME CATALOGUE

In this catalogue, tickets within each price band are sorted firstly into company (i.e., pre-grouping and pre-nationalisation), then British Railways regional order (i.e., Northern, Eastern, London Midland, Scottish, Southern and Western regions).

ORDERING GUIDELINES

Tickets from this catalogue will be processed on a '**First Come, First Served**' automated basis. To give you the best chance of securing the tickets you want, use the online facility (using your email address and password), which many of you are now familiar with. Once an order has been submitted online, the system will inform you which tickets are available instantly. You can submit further orders from the same catalogue, which gives you the flexibility of ordering second choice tickets. Orders will be processed within three working days. Payment processes can be via: PayPal; Credit/Debit Cards (WorldPay Pay by Link); bank transfer or cheque.
We will continue to process orders received via email/telephone/post as soon as possible.

All tickets offered in this catalogue are in at least "very good" condition unless otherwise stated in the legend (see below).

LEGEND **A:** indicates ticket is unissued and has originated from an Audit Office
C: indicates ticket is creased **F:** indicates ticket is faded
G: indicates ticket is grubby or soiled **M:** indicates ticket has been mounted

Today we start with **PORTISHEAD** and the only issue held which is a GWR type 2 blueish in colour with black text and name in red, dated 26-11-1941. There is a high serial of 8884 which suggests a popular issue at one time. Have never seen a buff type 3 from here, perhaps this was the final issue? This would have been issued out in the 1940's, if a later issue was around then surely it would have come to light. However the first of the station resitings took place in 1954 and no stock was transferred/replaced at this time. There were earlier issues here though as a type 1 is around. Any further insights would be welcome.
We move onto **PORTLAND** now and a rather choice type 1 although not an exclusive GWR issue, as this station was jointly operated by in this case, 'G.W. & Southern Rlys'. The LSWR operated it for 5 years, followed by the GWR and this arrangement continued for decades. Our issue is a classic type 1 being green with a horizontal white band and Portland in red. The serial is 1437 and it is series 1. The date is in manuscript 16-09-1926 and the name E.Wallis appears afterwards. This gentleman met with an unfortunate demise regarding a signal or so I was informed, we are of course, very grateful to him as he was responsible for acquiring many choice platform tickets and travel tickets to boot.
Next is **SEATON JUNCTION** and 9 B.R. issues are held. We start with a R.E. issue in transitional style, with a date of 14-08-1951 and serial of 1664. Another R.E. follows, this time in the B.R. 'house' format , it is dated 18-09-1954 with serial 2353. Another R.E. follows, this time in a completely different text layout and with BTC conditions serial 2692 and dated 26-06-1956. Another BTC 1d follows, yet another one in a different format, this one has had 2d appended in ink over the 1d, making the 1d illegible. Serial is 3125 and the date is 3125. We move onto the 2d issues now, with a serial of 3330 and a date of 29-04-1959. The next one is identical apart from different conditions, serial is 3741 and the date is 3741. This station will be continued next time.
